## COLLEGE FUND FOR SUMMER SESSION CUT

CUT OF APPROPRIATION IS MADE IN LAST HOURS

Governor Moody Demands a Reduction in Appropriations as Session Closes

In the last hours of the legislature Tuesday night, the appropriations for the colleges of the state were cut practically in half when Governor Moody told the legislators that this must be done or he would be forced to veto the entire appropriation bill.

The legislature had allowed a total of \$41,500 for W. T. When orders came from the chief executive that the bill must be reduced, the free conference committee reduced the item for the summer school from \$23,000 to \$11,500; for contingent for next year from \$12,500 to \$6,250, but left the item of fuel, light and power at \$3,000 for this year and a like amount for next year. This leaves a total of \$23,750 for W. T. in the bill which reached the governor's desk Thursday night. No word has been received from Austin as to the disposition Governor Moody will make of the bill.

President J. A. Hill announced Saturday that the summer school would be held for twelve weeks, although the funds will not be sufficient to pay full time salaries for the term. He is hoping that the governor may see his way clear to issue a deficiency warrant to pay the entire expense of the summer term.

## \$500 Needed for the Boy Scout Work Here

The committee on Boy Scout work reported Tuesday to the Canyon Rotary Club that \$500 will be needed during the coming year to carry on the work of the two Boy Scout troops in Canyon. The Rotary Club is sponsoring the Boy Scout movement in Canyon, but all citizens are invited to join in the financing of the Scouts.

A drive will be made in Canyon soon to raise the \$500 fund necessary to carry on the Scout work during the coming year.

Travis Shaw, Burt Newlin and J. Wesley Kleinschmidt are sponsors for the Boy Scout work working through the Rotary Club.

## Four Trustees To Be Elected On April 5th

Four trustees are to be elected at the election to be held next week for the Canyon Independent School District, to fill the vacancies which will be made by the expiration of the terms of four of the trustees now in office. Those whose terms expire are J. A. Guthrie, G. W. Johnson, A. W. Sternberg and T. V. Slack.

The election will be held Saturday, April 5, in the court house, with B. T. Johnson presiding as election judge.

A number of names have been suggested for trustees to fill the four vacancies. Among them are W. H. Stroud, E. Burroughs, R. E. Ball, C. H. Jarrett, T. V. Slack and J. W. Scott.

### A CORRECTION

The News wishes to state that a typographical error which occurred in the last issue, dated March 20, carried a statement that 102 patrons were served at the Bellah grocery the preceding Saturday. The account should have been that 502 customers were served.

## "Believe It or Not"

Accompanying the famous statement, "Believe it or not," here are facts that prove that all honest people are not dead.

Sorrow was turned into joy Sunday for Kenneth N. Davis of Carlsbad, New Mexico, when he was informed by a long distance telephone call from Roswell that a wallet he had lost had been found and the finder wanted to return it to its rightful owner.

The wallet, which contained a neat sum of money, was lost near Roswell Sunday morning by Mr. Davis, while he and Mrs. Davis were en route to Canyon for a visit with his brother, Ray V. Davis, and family.

The call came soon after he had arrived in Canyon.

## Appeal Made for Co-operation In Clean-Up Drive

The clean-up drive of the Federation of Ladies' Clubs of Canyon is going forward with much activity on the part of the federation. Mrs. J. Madison Daugherty, chairman of the clean-up committee of the federation, makes an appeal to the entire citizenship to lend assistance in making Canyon a clean city. The federation is offering co-operation to the appeal made in the recent proclamation issued by Mayor Bellah in which he designated March 31 to April 5 as annual Clean-up Week. The club ladies are centering their drive for Wednesday, April 2, for Clean-up day.

In making the appeal, Mrs. Daugherty said:

"To the People of Canyon:

"I take this means of asking for the co-operation of each and every home and business firm in Canyon in the general clean-up campaign. "Let's not just set a date and let it pass as any other day, but see that there is not a bit of garbage, tin cans, old cars, or anything around our premises to detract from the cleanliness of our homes and places of business.

"It also causes flies, to throw garbage in the alleys, which in turn cause disease. A large can should be placed near the alley to burn everything in that can be burned, and containers for cans and other things should be placed just inside the alley so it can be hauled away, or these containers may be against your own fence in the alleys. Our alleys and backyards should be kept as clean as our front yards.

"Thanking you in advance for your hearty co-operation in seeing that your own yards and alleys are clean, and let's keep them clean.

"Respectfully,  
MRS. J. MADISON DAUGHERTY,  
"General Chairman,  
"Clean-Up Campaign."

## Recovery Seen For Joe Friemel; Skull Fractured

Chances are good for the recovery of Joe Friemel, of Umbarger, according to advices received this morning from St. Anthony's hospital in Amarillo. Attendants at the hospital, in a telephone conversation with the News, stated that Mr. Friemel has suffered intense pain since the time of his accident last Saturday.

Physicians found it necessary to remove his right eye late yesterday afternoon. His crisis will be reached within a few days, it was stated, and he should be on the road to recovery soon, provided no unforeseen complications should set up. Reports earlier in the week stated that hope for his recovery had been abandoned.

Mr. Friemel was injured last Saturday morning when a carbide light at his home near Umbarger exploded, flying pieces of metal striking him in the head. He was rushed to the Amarillo hospital. After an examination it was stated that his skull was badly fractured. It is said that he was examining the carbide tank at the time it exploded, the explosion striking almost full force on his head.

Mr. Friemel has been a resident of Randall county for a number of years and is well known over the entire county.

## Rotary Club Has Short Program Tues.

The weekly luncheon of the Canyon Rotary Club was held Tuesday in conjunction with the election of officers of the Canyon Chamber of Commerce.

The program for Rotary day was cut short in order to give all of the time necessary for the Chamber to look after the business matters to be laid before the membership.

A group of songs was sung by six members of the Girls Glee Club of the College.

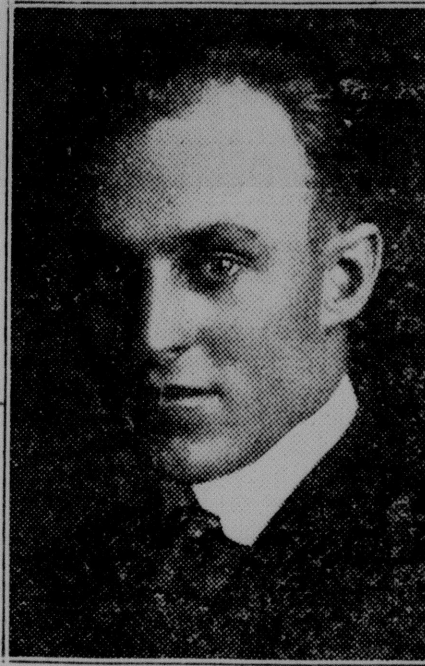

Visitors Tuesday were: Arch B. Hunsley, N. L. Mudd, Chas. W. Rogers and P. C. Bennett, all of Amarillo, Prof. George Crutsinger of Denton and Rev. J. W. Battsinghouse of Hereford, who is here conducting services at the Christian church.

President Joe Hill announced that the proposed trip to Hereford to organize a Rotary Club could not be made this week owing to conflicting dates in Hereford.

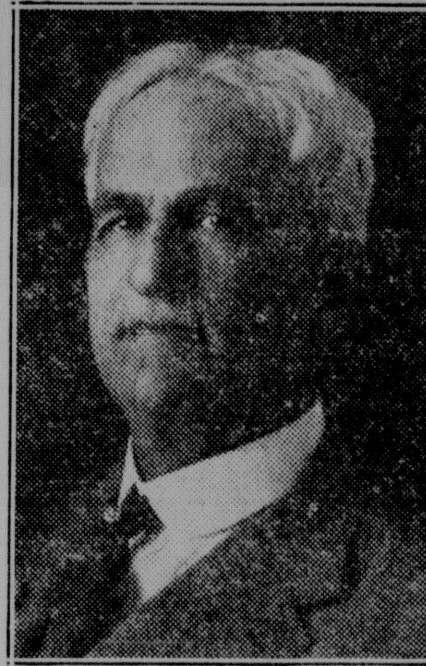

### BOOK CLUB MEETS

The Woman's Book Club, under the leadership of Mrs. Elizabeth Fry Page, Mrs. T. M. Moore and Mrs. Harris M. Cook, spent Wednesday's lesson on the Writers of Texas. Eighteen members were present and Miss M. Moss Richardson was guest of the club.

## CHAMBER OF COMMERCE ELECTS NEW OFFICERS AND DIRECTORS AT MEETING HELD TUESDAY

J. W. Kleinschmidt Succeeds W. A. Warren as President; Retiring Head Points Out Constructive Work To Be Done By the Organization.

Officers for the Canyon Chamber of Commerce for the coming year were elected Tuesday noon at the luncheon of the members which was held in conjunction with the regular weekly meeting of the Rotary Club.

President R. A. Warren stated that the work as outlined last year for the Chamber of Commerce had been completed, and that all of the directors asked to be relieved from their duties. The big accomplishment of the year had been the removal of the stock pens from the east part of town to the new location in the west part of the city. All of the work in connection with the deal has been completed, excepting the removal of the switch, and this work will be done within a very short while.

Mr. Warren stated that the charter for the Chamber of Commerce as an incorporated body had been received from the state, and would be turned over to the new directors. Three things were before the organization which must be acted upon at once, according to the statement of Mr. Warren:

1. Clean-up day on April 2nd. The Chamber of Commerce had been asked to co-operate with the ladies of the town in seeing that Canyon was given a real cleaning up before spring opens. Mrs. J. M. Daugherty had been promised by the retiring officers the full co-operation of the Chamber of Commerce.

2. To send as many Randall county people as possible to the Dairy Show in Plainview, April 7-10. The members of the Randall County Dairy Association will be asked to join the business men in making a Randall County day at the show.

3. To work out plans to increase interest in Trades Day. Mr. Warren states that he has canvassed the business men of the city regarding Trades Day. Fully 60% are very much in favor of Trades Day and want to make it a greater success. About 40% of the business men have taken no particular interest in Trades Day, according to Mr. Warren. To get all of the business houses interested in making the Trades Day a great success should be the aim of the new board of directors.

Clyde W. Warwick presented the following names for officers and directors for the coming year:

J. W. Kleinschmidt, president.  
J. B. Elliston, vice-president.  
Mrs. T. V. Reeves, Carl Laughery, Dr. S. L. Ingham, R. McGee and W. E. Lockhart.

### BUILDING PERMITS

A building permit was issued Tuesday to E. A. Upfold for \$500 for repairs to his residence on Ninth Avenue. Ike Steen is contractor for the work.

## City Election Will Be Held Next Tuesday

Mayor and two commissioners are to be elected at the city election which will be held at the City Hall, Tuesday, April 1, with A. M. Smith presiding as election judge.

The two commissioners, T. C. Thompson and J. J. Walker, whose terms expire, are not seeking reelection as commissioners. R. A. Bellah, present mayor, and T. H. Knighton are candidates for mayor.

The ballots for the election have been printed and bear the following names: For mayor, R. A. Bellah and T. H. (Tom) Knighton; for Commissioners, R. P. Jarrett and Grady Oldham.

## Wheat Compares With Last Year

The wheat crop is comparing very favorably with the crop of last year at this time, stated John A. Wilson Monday. Mr. Wilson is one of the largest wheat growers in Randall county.

According to Mr. Wilson, there was possibly a little more deep moisture at this time last year, but there seems to be as good a stalk on the wheat now.

Mr. Wilson is highly pleased with the outlook for the crop this year.

### DR. J. E. NUNN SPEAKS TO COLLEGE STUDENTS

Dr. J. E. Nunn of Amarillo was the speaker at the chapel at the College Tuesday morning. Dr. Nunn is prominent among newspaper men of the Panhandle and is well known throughout this section.

In speaking to the College student body, Dr. Nunn gave his philosophy of life. Dr. Nunn is an entertaining speaker and his talk at chapel was well received.

## Visitor Praises College Plant

That the Education building of the West Texas State Teachers College is the most complete of its kind in the United States was the verdict of Prof. George Crutsinger of Denton, who is spending the week in the city.

Mr. Crutsinger is studying in New York University, and was sent back to Texas to make a study of the teachers colleges for this thesis. He has visited the leading colleges in the east, and is very profuse in his praise of the institution here in Canyon.

## Sam Wise, First Sheriff of This County is Dead

Ward has reached Canyon of the death of Sam Wise, who served as Randall county's first sheriff. Mr. Wise died in Westmorland, California, Friday afternoon March 21, following a heart attack.

He had lived in the Imperial valley of California for a number of years, serving in various capacities as peace officer. At the time of his death he was night policeman of Westmorland.

Mr. Wise was elected to the office of sheriff in the first election held in Randall county in 1889. He left Canyon about 30 years ago. He was well known to all the oldtimers in this section. Surviving the deceased are two sons and one daughter, all living in California.

## Young Jersey Sire Sold to Idalou Man

J. W. Millerman, successful Randall county Jersey breeder, who resides 12 miles southeast of Canyon recently sold a pure bred Jersey Sire to R. A. Gregory of Idalou. The animal was 12 months old and was sold for \$150.

Mr. Millerman who has a number of purebred Jerseys is a member of the Randall County Dairymen's Association and one among many who see a future in dairying in this section.

Randall county Jerseys are attracting attention in various sections of the State and the entire southwest. Jersey breeders are constantly increasing the herds in this county and eventually the best in Jersey lines will be found in this county.

## Canadian Students Are Visitors at News Saturday

Accompanied by their sponsor, Miss Vida Savage, members of the Beargrass, annual publication of the Canadian High School, were visitors of the Warwick Printing Company and Canyon News Saturday afternoon.

They were shown through the printing plant, which has been greatly improved by the recent addition of new machinery. The Beargrass will be printed in the Canyon plant this year.

Those who composed the party were: Miss Frances Hanna, editor of the publication; Billy Allen, business manager; Earl Dodd, president of the Senior class of Canadian and Miss Lorene Coym, most popular girl of the school. Miss Vida Savage is the daughter of Mr. and Mrs. F. E. Savage of Canyon and is a teacher in the Canadian High School.

## Summer School Will Be Held for Full 12 Weeks

J. A. Hill, president of the West Texas State Teachers College, in a public statement at the Randall County Dairymen's banquet last Friday night, said that the local College will have a 12 months' summer school.

"At no time since the establishment of this institution have we failed to hold a summer session, and this year will be no exception," Mr. Hill asserted.

However, he pointed out that it may be that a number of the salaries of the teachers will have to be cut in order to have the full 12 weeks' session.

"The College asked for enough money in the appropriations of the legislature to carry the summer school through without any financial difficulties, but the amount asked for was cut in half.

## Funeral Today For P. H. Young Pioneer Citizen

Patrick Henry Young, a well known pioneer of this section, died here Wednesday morning, at the home of Ed Gerald. Mr. Young had been in failing health for several years.

Coming to Canyon some thirty years ago, Mr. Young was numbered among the pioneer business men of Canyon. He left here fourteen years ago and moved to Lott, Texas, where he engaged in farming for several years. He moved from there to Waco, where he was engaged in the grocery business for some six years. Ill health forced him to close his business last year. He returned to Canyon in January of this year and has made his home with Mr. and Mrs. Ed Gerald.

Mr. Young was born in Williamson county, Texas, July 31, 1859, and was 70 years, 7 months and 26 days old at the time of his death. He has no near relatives surviving.

Funeral services will be conducted this afternoon at 2:30 o'clock at the First Baptist church, of which he has been a life-long and active member, by the pastor, Pall bearers are: E. Burroughs, Jim Redfeard, J. C. Dowd, Travis Shaw, Jim Gamble and W. A. Jennings.

Interment, under the direction of the Griggs-Thompson Funeral Home, at Dreamland cemetery.

## Dallas Men to Visit in Canyon Friday, April 4

Canyon will be visited for two hours on the morning of April 4 by a number of Dallas business men. A special train is carrying these executives over West Texas for the purpose of becoming better acquainted with conditions in this section.

Homer D. Wade has written the Chamber of Commerce that the Dallas business men are not coming with the usual ballyhoo of a trade excursion. There will be no souvenirs to give away, but the Dallas business men have a desire to meet Canyon business leaders and to discuss with them problems of interest concerning West Texas.

The special train will arrive at 7:30 a. m., and will remain for two hours.

W. H. Graham and daughter of Farwell visited in Canyon for a short while Friday en route to his home from Amarillo, where he had taken Mrs. Graham to attend the Methodist Missionary council held there.

## 2 DAY HERD SCHOOL OPENS HERE FRIDAY

PROMINENT AGRICULTURISTS GIVE SUPPORT

Local College Department Will Sponsor First School of Its Kind

The two days' Panhandle Herd Improvement School will begin its sessions tomorrow morning at the College as the first of its kind to ever be held in West Texas. The school, which will continue through Friday and Saturday, is being sponsored by the Agricultural Department of the West Texas State Teachers College, assisted by co-operation from county agents and vocational agriculture teachers of the entire Panhandle.

Speakers for the school will include leading men of the Panhandle and Texas. Among them are: S. J. Payne, master dairy farmer of Swisher county; W. E. Bennett, secretary of Panhandle Hereford Breeders Association; James Bush of Amarillo, B. H. Hopkins of Hereford, Dr. Verne Scott of Texas A. & M. College, Charlie Franz, president of Texas Swine Breeders Association; Prof. Geo. P. Grout, vocational teacher of Panhandle High School; S. B. Holman, editor of the Southwestern Stockman-Farmer; T. L. Sheppard, Jersey breeder of Hale Center; T. V. Weaver of Dimmitt, Don L. Jones of the Lubbock experiment station, J. C. Collins, Channing banker, and G. C. Galloway, poultry expert.

A banquet is planned for Saturday noon, with Henry Ansley of the Amarillo News-Globe as toastmaster. Preparations are being made to entertain a large crowd of breeders and farmers from over the entire Panhandle. Wide publicity has been given the school, and favorable reports have come from every section expressing interest in the school.

Howard Golden, president of the Senior Agricultural Council of the College, will demonstrate the herds, tracing unit characters of inheritance.

Another feature of the school will be a meeting of the Vocational Agricultural Teachers of the Panhandle, who will have a special session of their own in connection with the school.

## Farmers Plan New Elevator at Haney

Farmers of the Zita community hope to have a new elevator, located at the Haney switch north of Canyon, ready to care for the wheat crop, which at this time promises to be bountiful.

It is said that the elevator will be built with farm capital and controlled by farmers. It is also understood that the elevator will have a capacity to handle 25 cars of grain daily.

## Snow Brings .12 Inch of Moisture Here Wednesday

A light snow began falling in Canyon early Wednesday morning and continued all day and into the night, bringing moisture amounting to .12 inch. The snow melted almost as fast as it fell.

Dark, overcast skies this morning indicated that more moisture was due for this section. The moisture, although it was light, was welcomed by the farmers.

Milton Anderson of Littlefield was a Canyon visitor Sunday.

## News Begins Another Year

With this issue the Canyon News begins a new year in the history of its existence. Beginning thirty-three years ago as the Stayer, the Canyon News has been published continuously since it was founded.

The News has grown and reflected the advancement of the surrounding territory at all times.

Continued growth and expansion have brought about improvement after improvement in the News plant until today it is one among the leading printing plants in the Panhandle, from the standpoint of equipment. The past twelve months have seen the expansion and improvement amount to several thousands of dollars with more improvements and additions contemplated.

## Canadian Students Are Visitors at News Saturday

Accompanied by their sponsor, Miss Vida Savage, members of the Beargrass, annual publication of the Canadian High School, were visitors of the Warwick Printing Company and Canyon News Saturday afternoon.

They were shown through the printing plant, which has been greatly improved by the recent addition of new machinery. The Beargrass will be printed in the Canyon plant this year.

Those who composed the party were: Miss Frances Hanna, editor of the publication; Billy Allen, business manager; Earl Dodd, president of the Senior class of Canadian and Miss Lorene Coym, most popular girl of the school. Miss Vida Savage is the daughter of Mr. and Mrs. F. E. Savage of Canyon and is a teacher in the Canadian High School.

## 2 DAY HERD SCHOOL OPENS HERE FRIDAY

PROMINENT AGRICULTURISTS GIVE SUPPORT

Local College Department Will Sponsor First School of Its Kind

The two days' Panhandle Herd Improvement School will begin its sessions tomorrow morning at the College as the first of its kind to ever be held in West Texas. The school, which will continue through Friday and Saturday, is being sponsored by the Agricultural Department of the West Texas State Teachers College, assisted by co-operation from county agents and vocational agriculture teachers of the entire Panhandle.

Speakers for the school will include leading men of the Panhandle and Texas. Among them are: S. J. Payne, master dairy farmer of Swisher county; W. E. Bennett, secretary of Panhandle Hereford Breeders Association; James Bush of Amarillo, B. H. Hopkins of Hereford, Dr. Verne Scott of Texas A. & M. College, Charlie Franz, president of Texas Swine Breeders Association; Prof. Geo. P. Grout, vocational teacher of Panhandle High School; S. B. Holman, editor of the Southwestern Stockman-Farmer; T. L. Sheppard, Jersey breeder of Hale Center; T. V. Weaver of Dimmitt, Don L. Jones of the Lubbock experiment station, J. C. Collins, Channing banker, and G. C. Galloway, poultry expert.

A banquet is planned for Saturday noon, with Henry Ansley of the Amarillo News-Globe as toastmaster. Preparations are being made to entertain a large crowd of breeders and farmers from over the entire Panhandle. Wide publicity has been given the school, and favorable reports have come from every section expressing interest in the school.

Howard Golden, president of the Senior Agricultural Council of the College, will demonstrate the heredscope, tracing unit characters of inheritance.

Another feature of the school will be a meeting of the Vocational Agricultural Teachers of the Panhandle, who will have a special session of their own in connection with the school.

Farmers of the Zita community hope to have a new elevator, located at the Haney switch north of Canyon, ready to care for the wheat crop, which at this time promises to be bountiful.

It is said that the elevator will be built with farm capital and controlled by farmers. It is also understood that the elevator will have a capacity to handle 25 cars of grain daily.

## Snow Brings .12 Inch of Moisture Here Wednesday

A light snow began falling in Canyon early Wednesday morning and continued all day and into the night, bringing moisture amounting to .12 inch. The snow melted almost as fast as it fell.

Dark, overcast skies this morning indicated that more moisture was due for this section. The moisture, although it was light, was welcomed by the farmers.

Milton Anderson of Littlefield was a Canyon visitor Sunday.

## News Begins Another Year

With this issue the Canyon News begins a new year in the history of its existence. Beginning thirty-three years ago as the Stayer, the Canyon News has been published continuously since it was founded.

The News has grown and reflected the advancement of the surrounding territory at all times.

Continued growth and expansion have brought about improvement after improvement in the News plant until today it is one among the leading printing plants in the Panhandle, from the standpoint of equipment. The past twelve months have seen the expansion and improvement amount to several thousands of dollars with more improvements and additions contemplated.

## Summer School Will Be Held for Full 12 Weeks

J. A. Hill, president of the West Texas State Teachers College, in a public statement at the Randall County Dairymen's banquet last Friday night, said that the local College will have a 12 months' summer school.

"At no time since the establishment of this institution have we failed to hold a summer session, and this year will be no exception," Mr. Hill asserted.

However, he pointed out that it may be that a number of the salaries of the teachers will have to be cut in order to have the full 12 weeks' session.

The College asked for enough money in the appropriations of the legislature to carry the summer school through without any financial difficulties, but the amount asked for was cut in half.

## Funeral Today For P. H. Young Pioneer Citizen

Patrick Henry Young, a well known pioneer of this section, died here Wednesday morning, at the home of Ed Gerald. Mr. Young had been in failing health for several years.

Coming to Canyon some thirty years ago, Mr. Young was numbered among the pioneer business men of Canyon. He left here fourteen years ago and moved to Lott, Texas, where he engaged in farming for several years. He moved from there to Waco, where he was engaged in the grocery business for some six years. Ill health forced him to close his business last year. He returned to Canyon in January of this year and has made his home with Mr. and Mrs. Ed Gerald.

Mr. Young was born in Williamson county, Texas, July 31, 1859, and was 70 years, 7 months and 26 days old at the time of his death. He has no near relatives surviving.

Funeral services will be conducted this afternoon at 2:30 o'clock at the First Baptist church, of which he has been a life-long and active member, by the pastor. Pall bearers are: E. Burroughs, Jim Redfeard, J. C. Dowd, Travis Shaw, Jim Gamble and W. A. Jennings.

Interment, under the direction of the Griggs-Thompson Funeral Home, at Dreamland cemetery.

## Dallas Men to Visit in Canyon Friday, April 4

Canyon will be visited for two hours on the morning of April 4 by a number of Dallas business men. A special train is carrying these executives over West Texas for the purpose of becoming better acquainted with conditions in this section.

Homer D. Wade has written the Chamber of Commerce that the Dallas business men are not coming with the usual ballyhoo of a trade excursion. There will be no souvenirs to give away, but the Dallas business men have a desire to meet Canyon business leaders and to discuss with them problems of interest concerning West Texas.

The special train will arrive at 7:30 a. m., and will remain for two hours.

W. H. Graham and daughter of Farwell visited in Canyon for a short while Friday en route to his home from Amarillo, where he had taken Mrs. Graham to attend the Methodist Missionary council held there.

## THE LEGISLATURE ENDS

The value of the 41st legislature to the state of Texas depends altogether upon the viewpoint of the person to whom the query is put.

There are some who believe that the legislature has been a waste of time and money. These are those who do not know the accomplishments of the session.

Those who have studied the legislature, and are well acquainted with the many long delays and the tedious route over which the legislature had to travel, believe that the 41st legislature compares very favorably with other law making bodies, although impeded with more difficulties than has been the lot of the other preceding forty sessions of the body.

The 41st legislature has set up a record for the total number of days to be in session. The legislature has wearied through a regular and five called sessions, with more than 200 days of actual service, in addition to the time that it was necessary for the members to journey to and from their homes. All in all, virtually eight months of the past fourteen has been consumed by the members of the 41st legislature in an honest effort to solve some of the perplexing problems of the state. The 41st legislature has seen more service than both the 39th and the 40th legislatures combined.

Just who is to blame for this long time consumed by the law making body?

In the first place, Texas has grown so rapidly and its problems have become so complex that a short session of the legislature is impossible. Twenty years ago there were no vital problems of the state which required a lot of time to solve. True the legislature of that day fought over liquor and railroad regulation at every session, but this was about all the members

had to quarrel about.

What a difference today. The state has progressed. With progress has come a multitude of problems.

Every one wants to be regulated, or wants to regulate the other fellow so that he cannot interfere with said individual rights.

Every one wants some kind of a law to do some particular thing.

There is a mania abroad in the land for laws and the passage of laws. To rush all of these laws through the legislature causes many errors to creep in, and each succeeding legislature is forced to correct a bunch of errors that the preceding legislature has made in the mad haste of passing laws.

Something happens in some particular community of the state which displeases someone. The hurt one writes a bill and rushes to his legislator and demands that a law be passed restraining the one who trespasses. The legislator is running for something, or seeks to be returned to his present post, and thereby another law is born to clutter up the law books. This is an exaggerated statement of facts, to be sure, but not so far fetched after all. Just listen for the coming month and hear how often this sentence will be repeated. "There ought to be a law against that." You will be surprised to see how often the phrase is used. You will then understand why so many foolish laws are proposed, and you will wonder why there are not more foolish laws on the statute books, considering that 181 members of the legislature are human, and that they have constituents at home demanding action.

The 41st legislature was kept in session many days in the perplexing question of the penitentiary. This question has perplexed many past legislatures and has been the plank on which governors have been elected and perhaps unelected. Governor Moody was determined that the 41st legislature should solve the problem, and practically a month was taken in the 4th called session to discussing this one bill.

A compromise bill was finally rushed through during the closing days of the 5th called session. Indications are that the Governor will sign the bill, although it is far from his ideal, and does not call for the relocation of the plant near Austin—a point on which he has always taken a decided stand, and has threatened to veto any

bill which did not meet his demands. Some action is expected on the part of the Governor before the end of this week, although he has twenty days in which to act on the bill.

The appropriations bill is a disappointment to all of the colleges and the institutions of the state. At the last minute Governor Moody called the members of the free conference committee to his office and demanded that the bill be cut half in two. There was no other way out for the institutions but to accept the reduction or to run the risk of getting no relief.

The political pot was boiling profusely when the legislature adjourned. Nearly a dozen candidates for Governor are getting ready to hit the road on the long tiresome campaign which will end in July or August. Some of them will likely not last until the balloting in the first primary, but there are at least a half dozen who may be counted upon to make a hard fight with the possibilities than any of them may hit the trial in the second primary.

Governor Moody is expected to enter the fracas as a candidate for a third term in the big mansion. The capitol is a thrilling place for Moody. He sees in it wonderful political possibilities, with the national field wide open should he be lucky to win a third term as Governor of Texas. If he has not announced by the time this is printed, the reader may expect something from him next Sunday.

Governor Moody states positively that there will not be a sixth called session of the legislature, which is indeed welcome news to the members of the legislature, and to the people of Texas.

It is good to get back home, and get the sleeves rolled up in the old print shop. The legislative life is a wonderful experience, and one which enables the members to look under the curtain to watch the wheels of state machinery go round. It gives one a more thorough insight into the actual affairs of his state than any other thing could possibly do. Someone made the wise statement that experience was the best teacher, even though it is expensive. That is a certainty as to the legislature.

## "JUST A LITTLE LATE" CLUB

When I was a commuter I sometimes went to the station early to watch the other commuters running for the trains.

I came to know many of them by sight.

There were ladies and old men, infrequent visitors to the city, who arrived long before train-time.

There were business men, who arrived one minute ahead.

And—just as the gate was about to slam—there would come piling across the station the members of the "Just a Little Late" Club.

I used to sympathize with them at first, supposing them to be unfortunate who had missed a car or lost their watches.

But after two years of watching I knew different.

The membership of the "Just a Little Late" Club does not change from day to day. Membership is not a misfortune; it is a habit. And one of the most exasperating habits in the world.

I was lunching with a friend the other day when a "captain of industry" passed us. He began work twenty years ago as an office boy, and today heads one of the great manufacturing concerns of this city.

"A wonderful fellow," said my friend. "Last year I had a long series of negotiations with him about the formation of a new company. It was necessary for us to meet practically every day for three months. In all that time he was never late but twice, and then only a few minutes. And each time he sent word to me from his office, telling me he would be late."

J. P. Morgan figured that every hour of his time was worth \$1,000, and he had no patience with men who were late for appointments or who, when they came to see him, did not give him his money's worth in exchange for the time they took.

"It is not necessary for me to live," said Pompey, "but it is necessary for me to be at a certain point at a certain time."

And Lord Nelson said: "I owe all my success in life to having been a quarter of an hour before my time."

I hold up the record of these famous men, in the faint hope that it may do some good.

And yet, the hope is very faint. The habit of unpunctuality is very tenacious.

If I am fortunate enough to be inside when the pearly gates are closed on the judgment day, I shall know what to expect.

Five minutes later there will be a terrific battering on the gate. St. Peter may be surprised, but I shall not be.

When the gates swing open again, there they will be—some of the most lovable and exasperating people who ever lived—panting, apologetic, explanatory to the last.

Before the verdict was rendered this morning "Miss Mexico" told interviewers that if the court freed her she would become a nut.—Chicago Daily Tribune.

"About fifty years ago," says Mr. Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation. I have used this remedy all my married life, in raising my children.

"I have used Black-Draught for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation.

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of dizziness, tightness in the chest and backache.

"By getting rid of impurities, Black-Draught helps to keep the system in good order. I always keep it in the home, and have recommended it to many people, in my time."

If I am fortunate enough to be inside when the pearly gates are closed on the judgment day, I shall know what to expect.

Five minutes later there will be a terrific battering on the gate. St. Peter may be surprised, but I shall not be.

When the gates swing open again, there they will be—some of the most lovable and exasperating people who ever lived—panting, apologetic, explanatory to the last.

## 50 Years' Use of Black-Draught

"ABOUT fifty years ago," says Mr. Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation. I have used this remedy all my married life, in raising my children.

"I have used Black-Draught for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation.

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of dizziness, tightness in the chest and backache.

"By getting rid of impurities, Black-Draught helps to keep the system in good order. I always keep it in the home, and have recommended it to many people, in my time."

From these western ramparts I looked up and, as the blaze and the threat from the flame was whipping toward the magnificent dome, yet and yet Old Glory in the light of our early evening, by the light of the innumerable illuminations that make an object of beauty of our noble Capitol dome, and in the lightning blaze of a fire that was threatening its foundation, yet with the screeching sound of sirens from the twenty-five to thirty fire stations in the district which were shrieking a warning for the right of way, nothing so thrilled me, though, as I looked skyward, and even though the blaze threatened its foundations, I was reminded that it would not give way its duty to "wave over the land of the free and the home of the brave."—Representative Yon of Tallahassee, Fla., reported in the Congressional Record.

A hand aristocratic.

How plain is Harmon's signature!

How virile and emphatic!

## SHERWIN-WILLIAMS PAINT HEADQUARTERS

Specify SWP and engage a good painter

**Why SWP costs less on your house than any other paint**

What will it cost to paint your house? This is what concerns you—not what the paint costs per gallon.

While fine old SWP costs more per gallon, it costs less on your home than any other paint. Why? Because one gallon of SWP will thoroughly paint almost twice as much surface as a gallon of cheaper paint. Therefore fewer gallons of SWP are needed.

So—ignoring the fact that SWP lasts twice as long as cheaper paint, and that its weatherproof colors retain their beauty to the very last—the first cost of painting your house with the world's best house paint is actually less than that of cheaper paint. Buy your paint on a job basis and save. Let us prove it to you by simple arithmetic.

### SWP House Paint

The world's standard of house paint quality. SWP is made in one quality only and that the very best. Famous for long life and the permanency of its many beautiful colors. Covers more square feet of surface per gallon. Costs less on the house than cheaper paints at a lower price per gallon.

## DEBATE TEAM LOSES FIRST HOME CONTEST

**BERRY AND CATES OF E. T. S. T. C. BRILLIANTLY UPHOLD AFFIRMATIVE.**

Over two hundred college students, faculty members, and citizens of Canyon heard the first intercollegiate debate of the season to be held on the home platform last Thursday evening. The combat of wit and words was held between Hiram Berry and Jack Cates of East Texas State Teachers and Luther Roberts and Wayne Eubanks of W. T. C. with a critic judges decision in favor of the Commerce orators.

Commerce defended the affirmative side of the proposition. Resolved: That the nations should adopt a plan of complete disarmament except for police purposes. The East Texas debaters are accompanied on a tour of Central and West Texas with their coach, Mrs. Webster of Commerce.

W. T. C.'s team is spending a busy week under the direction of Prof. F. J. Byer, grooming itself for four consecutive debates in foreign territory starting next Thursday. Both the boys and girls teams will leave Wednesday morning on a trip going as far south and east as Abilene. The girls will debate Simmons University at Abilene and Texas Tech at Lubbock. The boys debate Abilene Christian College and McMurry at Abilene.

"Orgatone has simply given me a new lease on life," said A. C. Koonce who resides at 303 N. Rusk Street, Amarillo, Texas, and is a well known smelter worker.

"Before I commenced taking it," he continued, "I was so run down and miserable a half-hour job would tire me as much as a whole day's work does now. I would get up in the mornings feeling as tired and worn out as if I hadn't gone to bed and my work was an actual punishment to me."

I had reached the point where it was necessary for me to do something for myself and I bought Orgatone because I know how it had been helping others right here in our town. I now sleep sound, eat hearty and can do a day's hard work without feeling it. My liver don't bother me anymore, and everything I have to do is a pleasure instead of a burden as it was before. I recommend Orgatone to everyone with those miserable, tired nervous feelings like I had for it certainly has straightened me out in fine shape."

## Buffaloes May Join New West Texas Conference

With eleven representatives of four West Texas colleges present at a meeting held in Sweetwater Saturday, by-laws and a constitution for a new athletic conference were drawn up, which will be submitted to five West Texas and one New Mexico college for ratification. When four of the colleges have ratified the by-laws and constitution, another meeting will be held to perfect the organization and elect officers to the conference.

This is the second such meeting held this year for the purpose of discussing the organization of a new conference for West Texas colleges. At the first meeting a committee was appointed to draw up the by-laws and constitution, to be submitted to the various colleges. The meeting Saturday was for the purpose of hearing from the committee which had been appointed. Representatives were present from Texas Tech, West Texas Teachers, School of Mines, and Simmons University. S. D. Burton and W. E. Lockhart were representatives from the college here.

The six colleges will have until September 1 to ratify or reject the offer to enter the new conference as charter members. Colleges that will be invited to join the conference other than those represented at the meeting Saturday are: Sul Ross, at Alpine, and New Mexico A. & M. College, Las Cruces, New Mexico.

Coach S. D. Burton expresses himself as believing that West Texas will join the Conference, and ratify the by-laws and constitution, with the exception of one or two minor changes. No attempt will be made to play a football schedule this year, but in the event of the organization of a new conference, a basketball schedule of the College will be played, beginning in January, 1931.

For eight years the Buffaloes have been a member of the T. I. A. A. Conference and owing to its location from other colleges in the Conference, it has been hard for the local College to arrange a representative schedule at any time. With Simmons University and Texas Tech in the new Conference, a strong rivalry will be seen at once.

Since the establishment of Tech at Lubbock a few years ago that college has not been admitted to membership in any conference in the state. Also School of Mines at El Paso does not hold affiliation with any intercollegiate association. Simmons University has been a member of the Texas Conference for a number of years and Sul Ross has been a member of the T. I. A. A. for several years. It is expected that the Abilene Christian College will be invited to join the new Conference.

A newspaper campaign will be waged throughout West Texas and New Mexico to secure a name for the new conference, provided it should become a permanent organization. The person who suggests the winning name will be awarded a lifetime pass to any of the conference games at any time. The person who submits a second best name will be given a 10-year pass.

ciety, and reservations are already coming in in large numbers for the dinner.

The meeting, which comes April 11, will be divided into four programs, the first being held at 11 o'clock in the auditorium of the Administration building of the College, with President J. A. Hill presiding, and with W. H. Patrick of Clarendon as the principal speaker. Officers of the society will be introduced and some distinguished guests will be presented to the audience. The College Band will furnish music.

At noon a chuck luncheon will be held for the old-timers who are in town; this will be an invitation affair, held in the gymnasium of the Education building.

Horace Russell of Amarillo will have charge of a short service beginning at 2 o'clock, honoring the memory of Col. C. C. Goodnight, the first settler of the Panhandle, and Thomas F. Turner, the first president of the Historical society.

At 2:30, the business meeting will be held, with President T. D. Hobart of Pampa in the chair. Officers will be elected and other important business transacted.

A recess, during which visitors will be conducted through the Museum, will be held between the afternoon sessions and the dinner, which will be held at Cousins Hall.

The two principals features of the dinner program will be a talk by J. Evetts Haley, now of Austin, and pictures which will be shown by C. Don Hughes of Amarillo.

The officers stated today that they hope all people who wish to attend the business sessions and dinner will do so. These things are open to all who are interested in the history of this region, whether they are members of the society or young or old. However, tickets for the dinner at Cousins Hall must be reserved by sending payment for them to the secretary, Mrs. T. V. Reeves. This is necessary in order that preparations may be made for the occasion.

## Trades Day Brings Large Crowd To Shop in Canyon

Despite the unpleasant weather prevailing Monday, the regular monthly Trades Day drew a large crowd of shoppers to Canyon. General opinions expressed among citizens and visitors present, that the Trades Day was one of the best held for some time past.

Almost 600 registered at the drawing for the Jersey heifer that was given away by the Chamber of Commerce. Interest in this event was at a high pitch all afternoon. Floyd Stallings, who lives north of Canyon, was the lucky person, and was given the grand prize of the afternoon.

W. H. Reed was first, G. W. Gordon second and Mrs. Cora Ingram third in the peanut rolling contest. Winners were awarded prizes of \$5.00, \$3.00 and \$2.00 in merchandise, respectively.

Carrying 86 beans on a knife, Mrs. M. R. Hendrix won first place in the bean contest. Mrs. E. W. Owens was second with 76 and Mrs. Jim Johnson third with 70. These were awarded prizes similar to the peanut rolling contest.

Eliza Price walked away with the fiddling contest in playing the old-time tunes. R. Hutchinson was second and E. A. Rusk followed as third place winner. The district

## BIRTHDAY PARTY

Little Bernard Warren entertained a number of his young friends at the home of his parents, Mr. and Mrs. W. A. Warren, 1814 Third avenue, Tuesday afternoon. The occasion was in celebration of the young gentleman's third birthday anniversary. Appropriate games were enjoyed until delicious refreshments were served to the fifteen guests.

Easter colors of pink, yellow and green were used in decorating the refreshment table. Favors of tiny imitation chicks were presented to the guests. A huge birthday cake graced the center of the table with eight lighted candles, and cookies in the shape of rabbits were placed on each plate. The youthful crowd wished their host many happy returns of the day and departed after a delightful afternoon of play.

## BAPTIST W. M. S. MEETS

The Women's Missionary Society of the Canyon Baptist church met at the home of Mrs. C. E. Cheyne for their regular missionary and business meeting Tuesday afternoon.

The business meeting was opened by the reading of the minutes of the last meeting by Mrs. H. M. Cook, general secretary. The society planned to furnish trees and shrubs to decorate the church property. Mrs. McCrery was elected as missionary leader.

The beautiful devotional given by Mrs. Fronabarger was enjoyed by all. The subject of the missionary lesson was "Our Relation to the Rural Church," and the study was conducted by members of Circle 3, led by their president, Mrs. Andy Walsh, who was assisted by Mrs. Ed Phillips, Mrs. J. M. Daugherty and Mrs. Lorenzo Wirt. Following the lesson, refreshments of frozen fruit salad, cake and tea were served by Circle 3, hostess circle for the day.

## TEACHERS ARE JUDGES AT DONLEY CO. MEET

Dr. Harris M. Cook, Miss Hattie M. Anderson, and Miss Mattie Swayne, all members of the faculty of the West Texas State Teachers College, spent Friday and Saturday in Clarendon, Texas, as judges of the Donley county interscholastic meet.

Called to arrest a woman shop-lifter in Berlin, Detective Karl Pfaltzen found she was his fiancée.

## Buffaloes May Join New West Texas Conference

With eleven representatives of four West Texas colleges present at a meeting held in Sweetwater Saturday, by-laws and a constitution for a new athletic conference were drawn up, which will be submitted to five West Texas and one New Mexico college for ratification. When four of the colleges have ratified the by-laws and constitution, another meeting will be held to perfect the organization and elect officers to the conference.

This is the second such meeting held this year for the purpose of discussing the organization of a new conference for West Texas colleges. At the first meeting a committee was appointed to draw up the by-laws and constitution, to be submitted to the various colleges. The meeting Saturday was for the purpose of hearing from the committee which had been appointed. Representatives were present from Texas Tech, West Texas Teachers, School of Mines, and Simmons University. S. D. Burton and W. E. Lockhart were representatives from the college here.

The six colleges will have until September 1 to ratify or reject the offer to enter the new conference as charter members. Colleges that will be invited to join the conference other than those represented at the meeting Saturday are: Sul Ross, at Alpine, and New Mexico A. & M. College, Las Cruces, New Mexico.

Coach S. D. Burton expresses himself as believing that West Texas will join the Conference, and ratify the by-laws and constitution, with the exception of one or two minor changes. No attempt will be made to play a football schedule this year, but in the event of the organization of a new conference, a basketball schedule of the College will be played, beginning in January, 1931.

For eight years the Buffaloes have been a member of the T. I. A. Conference and owing to its location from other colleges in the Conference, it has been hard for the local College to arrange a representative schedule at any time. With Simmons University and Texas Tech in the new Conference, a strong rivalry will be seen at once.

Since the establishment of Tech at Lubbock a few years ago that college has not been admitted to membership in any conference in the state. Also School of Mines at El Paso does not hold affiliation with any intercollegiate association. Simmons University has been a member of the Texas Conference for a number of years and Sul Ross has been a member of the T. I. A. A. for several years. It is expected that the Abilene Christian College will be invited to join the new Conference.

A newspaper campaign will be waged throughout West Texas and New Mexico to secure a name for the new conference, provided it should become a permanent organization. The person who suggests the winning name will be awarded a lifetime pass to any of the conference games at any time. The person who submits a second best name will be given a 10-year pass.

## Plans Being Made For Annual Meet of P-P Society

The 1930 meeting of the Panhandle-Plains Historical Society promises to be the largest and most important in the history of the society.

ciety, and reservations are already coming in large numbers for the dinner.

The meeting, which comes April 11, will be divided into four programs, the first being held at 11 o'clock in the auditorium of the Administration building of the College, with President J. A. Hill presiding, and with W. H. Patrick of Clarendon as the principal speaker. Officers of the society will be introduced and some distinguished guests will be presented to the audience. The College Band will furnish music.

At noon a chuck luncheon will be held for the old-timers who are in town; this will be an invitation affair, held in the gymnasium of the Education building.

Horace Russell of Amarillo will have charge of a short service beginning at 2 o'clock, honoring the memory of Col. C. C. Goodnight, the first settler of the Panhandle, and Thomas F. Turner, the first president of the Historical society.

At 2.30, the business meeting will be held, with President T. D. Hobart of Pampa in the chair. Officers will be elected and other important business transacted.

A recess, during which visitors will be conducted through the Museum, will be held between the afternoon sessions and the dinner, which will be held at Cousins Hall.

The two principals features of the dinner program will be a talk by J. Evetts Haley, now of Austin, and pictures which will be shown by C. Don Hughes of Amarillo.

The officers stated today that they hope all people who wish to attend the business sessions and dinner will do so. These things are open to all who are interested in the history of this region, whether they are members of the society or young or old. However, tickets for the dinner at Cousins Hall must be reserved by sending payment for them to the secretary, Mrs. T. V. Reeves. This is necessary in order that preparations may be made for the occasion.

## Trades Day Brings Large Crowd To Shop in Canyon

Despite the unpleasant weather prevailing Monday, the regular monthly Trades Day drew a large crowd of shoppers to Canyon. General opinions expressed among citizens and visitors present, that the Trades Day was one of the best held for some time past.

Almost 600 registered at the drawing for the Jersey heater that was given away by the Chamber of Commerce. Interest in this event was at a high pitch all afternoon. Floyd Stallings, who lives north of Canyon, was the lucky person, and was given the grand prize of the afternoon.

W. H. Reed was first, G. W. Gordon second and Mrs. Cora Ingram third in the peanut rolling contest. Winners were awarded prizes of \$5.00, \$3.00 and \$2.00 in merchandise, respectively.

Carrying 85 beans on a knife, Mrs. M. R. Hendrix won first place in the bean contest. Mrs. E. W. Owens was second with 76 and Mrs. Jim Johnson third with 70. These were awarded prizes similar to the peanut rolling contest.

Eliza Price walked away with the fiddling contest in playing the old-time tunes. R. Hutchinson was second and E. A. Rusk followed as third place winner. The district

## League Holding Institute Here During Week

Approximately one hundred people of the Methodist church began work Monday night in the Epworth League Efficiency Institute which will continue through Friday.

The general theme of the Institute is "Making Life Count."

In order that college students may attend the school without crippling their work, the women of the Canyon Methodist church have been serving supper each night from 5:30 until 6:15. Classes are being conducted as follows: Spiritual Work, by Rev. C. E. Jameson; Missions, by Miss M. Moss Richardson of the Teachers College faculty; Social Service, by S. H. Condon; Recreation and Culture, by Mrs. Geraldine Green, Dean of Women of Canyon College; Administration, by J. H. Agee, superintendent of young people's work of the Northwest Methodist Conference.

The school will continue until Friday, when it is expected that nearly one hundred will receive their certificates for the work they have done.

## P. T. A. Presents The Zander-Gump Wedding Friday

Culminating the long and much discussed romance, the Zander-Gump wedding will be staged with all the pomp and glory that should accompany such a glorious affair at the Canyon High School Auditorium, Friday night, March 28.

The Zander-Gump wedding, together with the Negro Minstrel, will be held under the auspices of the Canyon P. T. A. and Canyon High School Band.

Among the famous character roles to be played by those who are not directly connected with the school will be S. B. Orton as Jeff; Mrs. Sternberg as Emily Schmaltz; Rev. W. C. Kunze as Uncle Ben; Jim Gamble as Major Hoople; Worth Jennings as Uncle Walt; Earl Robbins as Jiggs, and Mrs. W. H. Stroud as Maggie.

## 150 Leghorn Hens Stolen From Flock of W. Miller

While the members of the Miller family were in Canyon attending the annual Randall County Dairymen's Association banquet held in the College Cafeteria, last Friday evening, thieves entered their chicken house and stole 150 pure bred White Leghorn hens.

The Miller family live 12 miles southeast of town. They stated that the occasion was the first time that the entire family had been away from home with the exception of attending church, for a long time.

The hens were of a fine strain of White Leghorns and among the finest in the flock. According to last reports no trace had been found of the robbers, who evidently knew of the absence of the family.

**MRS. KUNZE ENTERTAINS**  
Mrs. W. C. Kunze entertained the Westminster Guild Tuesday afternoon from 3 to 5:30 o'clock at the Presbyterian manse. Mesdames A. S. Alldredge, O. R. Bodeen, Murry Elson and L. E. Peterson from Amarillo were guests of the Guild. Inspirational talks on the work accomplished by the women's and young people's societies over the district were given by the visitors. Courses of study and work for the year were outlined.

The hostess served a delicious salad course to the following patronesses and members of the Guild: Mesdames S. L. Ingham, E. D. Harrell, J. H. Black, S. L. Black, C. L. Thompson, J. A. Boutwell, J. C. Black, and Misses Clara Love, Pearl Black, Agnes Meyers, and little Miss Shirley Barks Harrell.

## AMARILLO PEOPLE MOVE TO FARM NEAR HERE

Mr. and Mrs. C. G. Hale, and family, former residents of Amarillo have moved to the Carter farm located 1 mile north of Canyon. They moved last week and will engage in farming.

**WARWICKS RETURN HOME**  
Representative and Mrs. C. W. Warwick returned home Saturday afternoon, leaving Austin following the adjournment of the fifth special session of the 41st session of the Texas Legislature on Thursday night.

Farming pays in Randall county.

## Dairymen and Guests Feast at Annual Banquet

With preparations made for 274 people, the annual banquet of the Randall County Dairymen's Association was held at the College cafeteria, Friday night, with a capacity crowd in attendance. In every respect the banquet was a success beyond all previous expectations.

Prof. C. A. Murray of the College gave the invocation, following the assembling in the banquet room. A feast, exemplifying the dairy products throughout, was spread.

County Agent W. H. Upchurch, who has been prominent in fostering the dairy movement in this county, was toastmaster. An outstanding feature of the banquet was that no set program was prepared beforehand. Music was furnished by the Canyon High School Orchestra.

Mr. Upchurch, in a brief way, stated that the purpose of the banquet was to have a good time and bring about a closer relationship between the business man of the country and the business man of the town. The banquet was open only to those who were members of the Dairymen's Association, and their invited guests. The guests included innumerable Canyon and Amarillo business men.

M. H. Rockwell, president of the association, extended a hearty welcome to the visitors present. Mr. Rockwell told of the work of the association and the plans for the future accomplishments of the association. In paying tribute to the Amarillo City Commission, the association president said: "On behalf of the association, I wish to express our thanks to the Mayor of Amarillo and the Amarillo City Commission for the splendid cooperation they have shown to the dairymen of this section in the enforcement of the milk ordinance."

In response to Mr. Rockwell, T. C. Thompson of Canyon commented upon the rapid growth and development of this section, particularly the dairy industry.

"Underconsumption and not overproduction is the biggest problem facing the dairymen of this country at this time," was a statement made by George Maggard of the Mistletoe Creameries of Amarillo, in addressing the dairymen. Mr. Maggard went further in showing that recent surveys made brought out facts that were astonishing. He stated that the greatest consumption of butter substitutes was among the producers of milk products.

Col. Ernest Thompson, mayor of Amarillo, assured the dairymen that the policy of the city commission of Amarillo would be continued for the benefit of the dairymen over this entire section.

Henry Ansley, of the agriculture department of the News-Globe, told of the progress being made at this time in the Master Dairy Farmers' Contest. His predictions were that the leading dairymen of the Panhandle for 1930 would come from the ranks of the Randall County Association. Six men of this county are entered in the contest this year.

City Commissioner Jim Vernon of Amarillo was introduced.

J. A. Hill, president of the College, was the final speaker of the evening. He told of the future plans of the College dairy farm, and the progressive and helpful program already planned, which would ultimately benefit the dairymen of the Panhandle. He urged that an intellectual and spiritual development of the Panhandle be carried forward, as well as a material advancement, one balancing with the other.

**W. M. S. MEETS**  
Members of the Methodist Women's Missionary society met Tuesday afternoon in a business and bulletin meeting with Mrs. I. C. Jenkins at leader of the devotional. Mrs. A. W. Sternberg gave an interesting account of the meeting of the missionary council in Amarillo the past week.

The society was invited to meet at the home of Mrs. Elizabeth Page next Tuesday at 3 o'clock and to conduct their regular meeting there.

## MRS. JOHNSTON ENTERTAINS

Mrs. George Johnston was a charming hostess to members of the As You Like It club and a number of special guests at her home Thursday afternoon. A color scheme of green and white was pleasingly carried out in the St. Patrick's day motif in the entertaining rooms and further developed in the bridge accessories of the four tables arranged for the guests. A delectable refreshment plate was served by the hostess.

Special guests were: Mrs. Bob Price, Mrs. Hud Prichard, Mrs. A. L. Overton, and Mrs. J. Madison Daugherty. Club members present included: Mrs. L. Angel, Mrs. William Ash, Mrs. T. M. Moore, Mrs. John Fry, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. Dan K. Usery, Mrs. Charles Flesher, Mrs. F. E. Savage, and Mrs. O. L. Coleman.

## WEST-FERRIER

The marriage of Miss Rosa West, a student in West Texas State Teachers College, and David Ferrier of Seymour, took place at Clovis, N. M., Saturday afternoon, March 22.

The bride is from Panhandle and is a popular member of the college crowd. Mr. Ferrier is a bridge contractor and has been working in connection with his brother, W. M. Ferrier, on the bridge being constructed between Happy and Canyon. Galveston immediately after the ceremony, where they will spend several days before returning to Canyon to make their home.

## League Holding Institute Here During Week

Approximately one hundred people of the Methodist church began work Monday night in the Epworth League Efficiency Institute which will continue through Friday.

The general theme of the Institute is "Making Life Count."

In order that college students may attend the school without crippling their work, the women of the Canyon Methodist church have been serving supper each night from 5:30 until 6:15. Classes are being conducted as follows: Spiritual Work, by Rev. C. E. Jameson; Missions, by Miss M. Moss Richardson of the Teachers College faculty; Social Service, by S. H. Condon; Recreation and Culture, by Mrs. Geraldine Green, Dean of Women of Canyon College; Administration, by J. H. Agee, superintendent of young people's work of the Northwest Methodist Conference.

The school will continue until Friday, when it is expected that nearly one hundred will receive their certificates for the work they have done.

## P. T. A. Presents The Zander-Gump Wedding Friday

Culminating the long and much discussed romance, the Zander-Gump wedding will be staged with all the pomp and glory that should accompany such a glorious affair, at the Canyon High School Auditorium, Friday night, March 28.

The Zander-Gump wedding, together with the Negro Minstrel, will be held under the auspices of the Canyon P. T. A. and Canyon High School Band.

Among the famous character roles to be played by those who are not directly connected with the school will be S. B. Orton as Jeff; Mrs. Sternberg as Emily Schmalz; Rev. W. C. Kunze as Uncle Ben; Jim Gamble as Major Hoople; Worth Jennings as Uncle Walt; Earl Robbins as Jiggs, and Mrs. W. H. Stroud as Maggie.

## 150 Leghorn Hens Stolen From Flock of W. Miller

While the members of the Miller family were in Canyon attending the annual Randall County Dairymen's Association banquet held in the College Cafeteria, last Friday evening, thieves entered their chicken house and stole 150 pure bred White Leghorn hens. The Millers live 12 miles southeast of town. They stated that the occasion was the first time that the entire family had been away from home with the exception of attending church, for a long time.

The hens were of a fine strain of White Leghorns and among the finest in the flock. According to last reports no trace had been found of the robbers, who evidently knew of the absence of the family.

**MRS. KUNZE ENTERTAINS**  
Mrs. W. C. Kunze entertained the Westminster Guild Tuesday afternoon from 3 to 5:30 o'clock at the Presbyterian manse. Mesdames A. S. Aldredge, O. R. Bodeen, Murry Elson and L. E. Peterson from Amarillo were guests of the Guild. Inspirational talks on the work accomplished by the women's and young people's societies over the district were given by the visitors. Courses of study and work for the year were outlined.

The hostess served a delicious salad course to the following patronesses and members of the Guild: Mesdames S. L. Ingham, E. D. Harrell, J. H. Black, S. L. Black, C. L. Thompson, J. A. Boutwell, J. C. Black, and Misses Clara Love, Pearl Black, Agnes Meyers, and little Miss Shirley Barks Harrell.

## AMARILLO PEOPLE MOVE TO FARM NEAR HERE

Mr. and Mrs. C. G. Hale, and family, former residents of Amarillo have moved to the Carter farm located 1 mile north of Canyon. They moved last week and will engage in farming.

**WARWICKS RETURN HOME**  
Representative and Mrs. C. W. Warwick returned home Saturday afternoon, leaving Austin following the adjournment of the fifth special session of the 41st session of the Texas Legislature on Thursday night.

Farming pays in Randall county.

## Dairymen and Guests Feast at Annual Banquet

With preparations made for 274 people, the annual banquet of the Randall County Dairymen's Association was held at the College Cafeteria, Friday night, with a capacity crowd in attendance. In every respect the banquet was a success beyond all previous expectations.

Prof. C. A. Murray of the College gave the invocation, following the assembling in the banquet room. A feast, exemplifying the dairy products throughout, was spread.

County Agent W. H. Upchurch, who has been prominent in fostering the dairy movement in this county, was toastmaster. An outstanding feature of the banquet was that no set program was prepared beforehand. Music was furnished by the Canyon High School Orchestra.

Mr. Upchurch, in a brief way, stated that the purpose of the banquet was to have a good time and bring about a closer relationship between the business man of the country and the business man of the town. The banquet was open only to those who were members of the Dairymen's Association, and their invited guests. The guests included innumerable Canyon and Amarillo business men.

M. H. Rockwell, president of the association, extended a hearty welcome to the visitors present. Mr. Rockwell told of the work of the association and the plans for the future accomplishments of the association. In paying tribute to the Amarillo City Commission, the association president said: "On behalf of the association, I wish to express our thanks to the Mayor of Amarillo and the Amarillo City Commission for the splendid cooperation they have shown to the dairymen of this section in the enforcement of the milk ordinance."

In response to Mr. Rockwell, T. C. Thompson of Canyon commented upon the rapid growth and development of this section, particularly the dairy industry.

"Underconsumption and not overproduction is the biggest problem facing the dairymen of this country at this time," was a statement made by George Maggard of the Mistletoe Creameries of Amarillo, in addressing the dairymen. Mr. Maggard went further in showing that recent surveys made brought out facts that were astonishing. He stated that the greatest consumption of butter substitutes was among the producers of milk products.

Col. Ernest Thompson, mayor of Amarillo, assured the dairymen that the policy of the city commission of Amarillo would be continued for the benefit of the dairymen over this entire section.

Henry Ansley, of the agriculture department of the News-Globe, told of the progress being made at this time in the Master Dairy Farmers' Contest. His predictions were that the leading dairymen of the Panhandle for 1930 would come from the ranks of the Randall County Association. Six men of this county are entered in the contest this year.

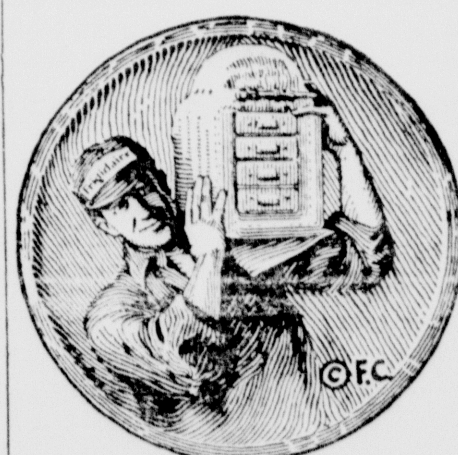

City Commissioner Jim Vernon of Amarillo was introduced.

J. A. Hill, president of the College, was the final speaker of the evening. He told of the future plans of the College dairy farm, and the progressive and helpful program already planned, which would ultimately benefit the dairymen of the Panhandle. He urged that an intellectual and spiritual development of the Panhandle be carried forward, as well as a material advancement, one balancing with the other.

**W. M. S. MEETS**  
Members of the Methodist Women's Missionary society met Tuesday afternoon in a business and bulletin meeting with Mrs. I. C. Jenkins at leader of the devotional. Mrs. A. W. Sternberg gave an interesting account of the meeting of the missionary council in Amarillo the past week.

The society was invited to meet at the home of Mrs. Elizabeth Page next Tuesday at 3 o'clock and to conduct their regular meeting there.

## MRS. JOHNSTON ENTERTAINS

Mrs. George Johnston was a charming hostess to members of the As You Like It club and a number of special guests at her home Thursday afternoon. A color scheme of green and white was pleasingly carried out in the St. Patrick's day motif in the entertaining rooms and further developed in the bridge accessories of the four tables arranged for the guests. A delectable refreshment plate was served by the hostess.

Special guests were: Mrs. Bob Price, Mrs. Hud Prichard, Mrs. A. L. Overton, and Mrs. J. Madison Daugherty. Club members present included: Mrs. L. Angel, Mrs. William Ash, Mrs. T. M. Moore, Mrs. John Fry, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. Dan K. Usery, Mrs. Charles Flesher, Mrs. F. E. Savage, and Mrs. O. L. Coleman.

## WEST-FERRIER

The marriage of Miss Rosa West, a student in West Texas State Teachers College, and David Ferrier of Seymour, took place at Clovis, N. M., Saturday afternoon, March 22.

The bride is from Panhandle and is a popular member of the college crowd. Mr. Ferrier is a bridge contractor and has been working in connection with his brother, W. M. Ferrier, on the bridge being constructed between Happy and Canyon.

CACTUS CAL

Dear Cactus:

I am a poor man with no money and lots of children. I am out of work, not because I am afraid of it, I can lay down and go to sleep beside it. But I am out of work because I don't have time to hunt a job. I have to stay home and take care of the children while my wife huts her a job. I have never tried working, but I believe I could do it very well. I haven't any education to speak of. I went to Canyon High School for three years and had to quit in my freshman year because they were going to demote me.

Your friend,

BARNACLE BILL

Anyone who can help this man, please answer, because I know how to sympathize with him. My wife was out of work for three weeks one time and I thought surely I was going to be forced to hunt a job. I hope you folks have learned a lesson from reading this letter. I offer a reward of two bits to any one who has.

The seniors certainly showed up fine in the final game of the tournament against the sophs. Red Hardin of the sophs team scored more points than the whole senior team. I have a job for a bunch of seniors. I'm going to open up a heating plant to furnish the homes of the Panhandle with heat. I'd like to use some of the seniors' hot air. As for as that goes I could run my system from coast to coast and still have plenty of hot air left.

Drinking may decline, but the drinkers seldom do.

## Sophomores are Champions of All Canyon High After the Intramural Contests Here

The Intramural basketball contests in Canyon High School came to a close with the Sophomore team far ahead.

The Seniors were the hardest competitors but the Sophs "took" the Solemn for a "ride" twice at the scores of 17-13 and 18-12.

Even though the seniors defeated the juniors, the juniors scored more points than the Sophs. The juniors' team was excellent and the score of the game between the seniors and juniors show it.

The freshman and grades showed up well for the lower classes.

On the winning team, the sophomores, "Red" Hardin, captain, scored 77 points in all, which is 5 more than the total score of the senior team. In the scoring, Taylor came next with 39. Wooten next with 22. Wiggins played good games and Dubbs, despite the fact that he didn't score, played his part as guard well.

The box score:

## Rev. Roberts Addressed Chapel Thursday Morning

Last Thursday assembly was entertained by Rev. Roberts of the Church of Christ. Mr. Roberts is a senior at W. T. S. T. C. and also the pastor of his church. He has been here only one year.

The subject of his talk was the condition prevailing in our schools and government. He deplored the fact that even the people in our president's cabinet had played false to the great honor and trust conferred upon them by the people when they placed them by their votes. Some of these men forgot and violated the standards of true honesty. He used as an example that in our colleges and high schools of today that if one left such an article as a hat, book, or paper, that nine times out of ten it would not be there when you returned. He ended with a plea to the students that they keep to the time-worn standard of honesty and keep their fingers from other people's property.

### MISS VIRGINIA JARRETT ENTERTAINS

## Jr. Declamation Contest Held on Wednesday Eve

Junior declamations were held last Wednesday. Eleven girls and two boys participated in the contest. Rosa Cash won first, Dora Mae Plaster second, and Mary Mae Harrison took third place. This is the third time Rosa Cash has taken first place in the local contests.

Ben Slaughter took first in boys and Hal Gamble was second.

These two people will enter the district meet here on April 18 and 19.

As soon as medals arrive Miss Weter will present them to the winners. These medals are to be furnished by Mr. Burrow and Mr. Thompson.

### GIRL SCOUTS

At last the girl scouts have a home. For a long time they had begun to despair of ever getting a place where meetings could be held every Monday in. But now their problem is solved. They did not get a room but a whole house! Mr. Plaster granted them permission to use a house in his yard. The Scouts plan to fix it up real "keen" and make it a pleasant place to meet in. Curtains, white wash and scout home-craft will transform it wonderfully. The Scouts certainly thank Mr. Plaster for his kindness.

### LOUISIANA NEGRO MINSTREL

Just off Broadway, the famed Louisiana Darktown Minstrel will play at the high school auditorium Friday night, one night only. This show is on its way to Hollywood to star in talking pictures, so don't miss this one and only chance to see a real minstrel by such famous actors as Pud Cross, Ralph Cabe, Shiek McDaniels, Joe Jennings (of stage fame), Eric Allison, and Mr. Henson. Hear the theme songs, "Down in Alabama," "Watermelon Days," "Me and Mah Razor," and "Christoph Colomb." And don't forget that great comedian Pet Hezlewood, as interlocuter Gee, but he is dumb. Also the long expected wedding of Uncle Bim Gump and the Widow Zander will take place.

## Canyon Defeated in Semi-Finals Saturday in Play Meet; Pampa High is Victorious

### Seniors Order Caps and Gowns For Graduation

It won't be long now! is a common saying among the Seniors at the present, and whether they are thrilled or frightened about it, nobody knows. The Seniors thought they were very important when their rings came, but now that they have ordered their caps and gowns they can hardly wear their old hats and the poor fish walk around with their mouths and eyes wide open as if they are wondering if all Seniors are as crazy as the ones in C. H. S.

Monday night the girls debate team, Ethel Brasuel and Cleo Heath, won over the Amarillo girls at Amarillo. This encouraged the team a great deal because they have been working very hard. The girls debate team has gone to the finals every year and it looks like they are going to win something this year.

The boys are doing good work although they were defeated at Amarillo.

Canyon High has always produced good debate teams that carried off most of the medals every year; and they aim to take the two highest this year.

This last week end the interscholastic play contest for this district was held. Twelve high schools came and entered plays. Every year this contest is held and every year it is better arranged, more schools enter and better acting on the whole is displayed. Every play had to be only one-act in length. At no time could scenery or stagecraft be responsible for the effect. Choice of plays and diction was what counted.

Canyon, with her play, "There Was Light," reached the semi-finals. In these semi-finals she met Pampa and her winning play. After the two plays were over the judge was reluctant to give the final decision. She stated that Canyon's play was the most polished and refined play she had seen, but gave the decision to Pampa. Saturday night Amarillo and Pampa met for the finals.

Pampa's play, "The Valiant," was again given the decision by three votes out of five. The leading character in this story was a condemned criminal. He received every vote for the best boy role in the play. His work was excellent and very noticeable.

Amarillo's play, "The Three Gifts" was also good. It lost by only one vote.

Pampa will now go to Abilene to enter contests there.

# SPEEDING UP PROSPERITY

PROSPERITY IS AN EPHEMERAL THING. We seldom recognize it until it has passed, and we are always looking forward to it in the future. Try as we might, it is a difficult thing to discern prosperity as it occurs. Months from now we likely will look back and exclaim that we have passed through a very prosperous period.

THE ELECTRIC POWER industry feels that the prosperity of the last few years has not abated. This industry, which bases its opinions on the consumption of electricity in home, business houses and industries, knows that homes are comfortable and well lighted, that stores are still doing a good business, as reflected from the use of light, and that factories are still operating, as indicated by the increasing demand for electric power.

THIS IS ESPECIALLY TRUE IN TEXAS. In the area served by the Texas Utilities Co., there has been no diminution of the consumption of electric energy, and instead there has been a steady increase. Here electricity has speeded up prosperity by providing ample power for industrial plants. Cities and towns served by power and transmission lines have another advantage with which to attract new industries. A number of Texas cities today can point to dependable electric power as one of the leading factors in their industrial growth.

### FRESHMEN HAVE PARTY

A rather large group of Freshmen enjoyed the forty-two party given last Thursday night in the high school gym.

Guests of honor were Mr. and Mrs. McDonald, Mr. and Mrs. Caruth, and Mrs. Laughery.

Refreshments of Eskimo pies and cookies were served.

## Jr. Declamation Contest Held on Wednesday Eve

Junior declamations were held last Wednesday. Eleven girls and two boys participated in the contest. Rosa Cash won first, Dora Mae Plaster second, and Mary Mae Harrison took third place. This is the third time Rosa Cash has taken first place in the local contests.

Ben Slaughter took first in boys and Hal Gamble was second.

These two people will enter the district meet here on April 18 and 19.

As soon as medals arrive Miss Weter will present them to the winners. These medals are to be furnished by Mr. Burrow and Mr. Thompson.

### GIRL SCOUTS

At last the girl scouts have a home. For a long time they had begun to despair of ever getting a place where meetings could be held every Monday in. But now their problem is solved. They did not get a room but a whole house! Mr. Plaster granted them permission to use a house in his yard. The Scouts plan to fix it up real "keen" and make it a pleasant place to meet in. Curtains, white wash and scout home-craft will transform it wonderfully. The Scouts certainly thank Mr. Plaster for his kindness.

### LOUISIANA NEGRO MINSTREL

Just off Broadway, the famed Louisiana Darktown Minstrel will play at the high school auditorium Friday night, one night only. This show is on its way to Hollywood to star in talking pictures, so don't miss this one and only chance to see a real minstrel by such famous actors as Pud Cross, Ralph Cabe, Shiek McDaniels, Joe Jennings (of stage fame), Eric Allison, and Mr. Henson. Hear the theme songs, "Down in Alabama," "Watermelon Days," "Me and Mah Razor," and "Christoph Colomb." And don't forget that great comedian Pet Hezlewood, as interloper, Gee, but he is dumb. Also the long expected wedding of Uncle Bim Gump and the Widow Zander will take place.

## Rev. Roberts Addressed Chapel Thursday Morning

Last Thursday assembly was entertained by Rev. Roberts of the Church of Christ. Mr. Roberts is a senior at W. T. S. T. C. and also the pastor of his church. He has been here only one year.

The subject of his talk was the condition prevailing in our schools and government. He deplored the fact that even the people in our president's cabinet had played false to the great honor and trust conferred upon them by the people when they placed them by their votes. Some of these men forgot and violated the standards of true honesty. He used as an example that in our colleges and high schools of today that if one left such an article as a hat, book, or paper, that nine times out of ten it would not be there when you returned. He ended with a plea to the students that they keep to the time-worn standard of honesty and keep their fingers from other people's property.

### MISS VIRGINIA JARRETT ENTERTAINS

Saturday evening at 6:00 o'clock Miss Virginia Jarrett entertained with a dinner honoring Miss Alice Arnold. The color scheme of red and white was carried out in the decorations and food. After the delightful dinner had been enjoyed, the guests went to the contest plays at the college.

## USEFUL BUT UN-USED HEAT

They talk of harnessing the sun's heat and making it work for man.

Nobody knows—But we do know that lots of heat that is harnessed, is wasted because the HARNESS is poor.

We're speaking of faulty ways of using Natural Gas, after it is brought to your door, delivered and charged for.

How much of it do you pay for and not get the full benefit of? Wasted Heat is Wasted Gas.

It is a matter of your appliances and the way you burn the gas.

We want to help you—that is the purpose of our Free Service Department.

## Seniors Order Caps and Gowns For Graduation

It won't be long now! is a common saying among the Seniors at the present, and whether they are thrilled or frightened about it, nobody knows. The Seniors thought they were very important when their rings came, but now that they have ordered their caps and gowns they can hardly wear their old hats and the poor fish walk around with their mouths and eyes wide open as if they are wondering if all Seniors are as crazy as the ones in C. H. S.

Monday night the girls debate team, Ethel Brasuel and Cleo Heath, won over the Amarillo girls at Amarillo. This encouraged the team a great deal because they have been working very hard. The girls debate team has gone to the finals every year and it looks like they are going to win something this year.

The boys are doing good work although they were defeated at Amarillo.

Canyon High has always produced good debate teams that carried off most of the medals every year; and they aim to take the two highest this year.

# SPEEDING UP PROSPERITY

PROSPERITY IS AN EPHEMERAL THING. We seldom recognize it until it has passed, and we are always looking forward to it in the future. Try as we might, it is a difficult thing to discern prosperity as it occurs. Months from now we likely will look back and exclaim that we have passed through a very prosperous period.

THE ELECTRIC POWER industry feels that the prosperity of the last few years has not abated. This industry, which bases its opinions on the consumption of electricity in home, business houses and industries, knows that homes are comfortable and well lighted, that stores are still doing a good business, as reflected from the use of light, and that factories are still operating, as indicated by the increasing demand for electric power.

THIS IS ESPECIALLY TRUE IN TEXAS. In the area served by the Texas Utilities Co., there has been no diminution of the consumption of electric energy, and instead there has been a steady increase. Here electricity has speeded up prosperity by providing ample power for industrial plants. Cities and towns served by power and transmission lines have another advantage with which to attract new industries. A number of Texas cities today can point to dependable electric power as one of the leading factors in their industrial growth.

### IRISH

Wherever you go you can find folk of Irish descent. And wherever you find them you will find them with a finger in the political pie. Politics and fighting seem to be gifts with which every Irishman is born. One of the greatest leaders in the American Revolution was General Sullivan. A McMahon was a marshal of France and afterwards president of the French republic. Admiral O'Higgins is one of Chile's national heroes. O'Reilly street in Havana is named for a Cuban patriot of Irish descent. One of the members of the French cabinet which took office in February is named Hennessey. Tradition has it that the Obregons of Mexico were really O'Briens. Three presidents of the United States have been of Irish stock. Men of practically unmixed Irish descent control the governments of New York city and Boston, and of many other American cities.

The secret seems to be in the Irishman's innate ability to adapt himself to his surroundings, a quality which many other races seem to lack.

### CHINA

The North China Republic seems to be on the way to firm establishment on the basis of democracy as we understand it. That part of China has been free from war since 1928. The name of the old city of Peking has been changed to Peiping, which means "City of Peace." The leaders of the Nationalist party have inaugurated an educational program looking toward the establishment of a constitutional, representative government.

It may take China a hundred years, and probably will, to lift its people to the levels of civilization as we understand it, but the present movement is the most hopeful of any which have been undertaken.

### SALVATION

Fifty years ago, on March 10, 1880, six young women dressed in strange looking blue bonnets with red strings across them and wearing blue capes lined with scarlet, landed at Castle Garden. They

were the advance guard of the Salvation Army, sent across the Atlantic by General William Booth, that inspired son of a Jewish pawnbroker, to carry his militant Christianity, with the aid of the bass drum and the cornet, into the slums of America.

They and their successors have reached down to levels which the churches had never plumbed, and lifted thousands of hopeless, weak and miserable human beings into a new life of faith, hope and courage.

No other organization or sect so endeared itself to our soldiers in France as did the Salvationists, with their human, simple, selfless helpfulness. No other religious organization today holds the respect of all intelligent church people as does the Salvation Army. It has proved itself the friend of the poor and the unfortunate. Its leaders and members have justified their faith by their works.

### CORPORATIONS

The business corporation, the shareholders in which have no liability for the company's debts beyond the amount of their investment, is only 100 years old. In 1830, the commonwealth of Massachusetts enacted the first law permitting manufacturers to incorporate. Today more than nine-tenths of the nation's business, excepting farming, is done by or through corporations.

Corporate farming is the next step. Farmers are learning about corporations and corporate management through their selling co-operatives. In several sections corporations are operating farms successfully.

The most important thing we have learned about business corporations in 100 years is that their success depends almost entirely on their management. They do not run themselves. And the success of corporate farming will depend entirely upon the management of the farming corporations.

## Representative of State Writes Hill of Proposed Tax

On February 14th I mailed you a copy of my statement on behalf of a tax of one dollar per ton upon the production of sulphur.

Since then the developments have been interesting. The House of Representatives passed the bill by an over-whelming vote of 107 to 14. In the Senate the tax was cut to fifty cents. We, who sponsored this bill, could not conscientiously accept this drastic cut. It has been developed before the Legislature that these industries are taking out of Texas a profit of more than \$25,000,000.00, per year, and that if they pay the one dollar tax which we have proposed, they will still make an annual profit of \$23,000,000.00, or more than 79%. On this the first day of the new session the bill fixing the tax of one dollar per ton has been reintroduced. We believe that the tax of one dollar per ton is fair to the industries and we know that it will go far to relieve the tax burden of the small land and home owner, for which purpose a tax of fifty cents per ton is pitifully inadequate.

A tax of fifty cents per ton will raise only \$280,000 more per year than is required to be paid under the present law. This is a mere drop in the bucket. The representatives of the sulphur companies who have flooded Austin since the first whisper of a tax, were willing to compromise for fifty cents a ton before the bill even passed the House. The tax of one dollar will yield about \$1,480,000.00 additional revenue—a sum which the sulphur industry can well afford to contribute to the state out of which it is taking its enormous profits.

I am enclosing a clipping which refers to the magnificent speech delivered yesterday by Representative Mike Hogg of Houston, son of the Great Commoner. When you read this you will realize the odds against which we are fighting, and why we want you and your representatives in the Senate and House actively on our side of this controversy.

I am writing you because I feel that the people of Texas are entitled to this information. We hope that you will co-operate with us in every possible way in order that the Senate of Texas may join hands with the House of Representatives in passing this tax of \$1.00 per ton which is designed for the benefit of the schools and the

government of Texas, and to bring about the lowering of the ad valorem tax rate and the relief of the small land and home owner.

Very truly yours,  
PHIL L. SANDERS,  
Representative, 9th District.

## Training In Spring Sports Begins Last Week for W. T. Men

Two very important athletic sports were started during the past week: Coach Reeds called for spring football training and as a result, a host of mighty men reported for the work. At the same time Coach Burton started his men at work on track training as the first meet will be April 12th.

Coach Burton says that the Buffaloes will have to put in some hard work in order to be in shape on that date.

This is Coach Reeds first time to hold spring football training at West Texas, but being the mentor of last fall's team, he is already acquainted with the boys and work was started immediately. Coach Reeds states that, although a record bunch is out, there are several more men expected.

Several letter men were in uniform, and practically every Yearling of last year, and a few new members reported for the work-outs.

Under the direction of Coaches Burton and Reeds, one of the best race tracks in this part of the state has just been completed at the Buffalo Park.

Three different layers of dirt and sand was placed on the track and completely covered with cinders, making it an extraordinary fast track. A 220 yard straightway is fixed on the west side, while the main track is 440 yards in circumference. A cement curb is all the way around the track.

## Panhandle Players To Present Drama In Spring Quarter

Panhandle Players will present their annual production "The Famous Mrs. Fair" by James Forbes. Greta Mae Cayton will assist Miss Mary Morgan Brown in the direction of this departmental play.

The title role will be played by Dalma Fry. Other principal parts in the cast have been given to Zella Mae Walser, Winston O'Keefe, Robert Hunt, Gladys Speer, Wilmoth Gamble, and John Bookout.

According to Miss Brown this is a strong problem play and one that requires experienced amateur players. The date for the presentation of this play has not yet been determined.

## W. T. Debaters Get Practice in Work As Critic Judges

West Texas debaters have been receiving experience in giving critic judge decisions for high school debates this past week as well as entering into debates themselves.

Wayne Eubanks judged an inter-club debate in Amarillo Tuesday evening on the disarmament question. Luther Roberts acted as critic judge for a debate between Amarillo and Hereford at Hereford Wednesday evening. Thursday evening Set Rollins judged both the boys and girls debates between Amarillo and Pampa at Pampa. Amarillo won both debates.

## JOY OF BEING EDITOR

Getting out this newspaper is no picnic.

If we print jokes, people say we are silly;

If we don't print jokes, they say we are too serious.

If we clip things from other magazines, we are too lazy to write them ourselves;

If we don't, we are stuck on our own stuff.

If we stick close to the job all day, we ought to be out hunting up news.

If we do get out and hustle, we ought to be on the job in the office.

If we don't print contributions, we don't appreciate true genius, and if we do print them, the paper is filled with junk.

If we make a change in the other fellow's write-up, we are too critical; if we don't, we are asleep.

Now, like as not, some guy will say we swiped this from some other newspaper. WE DID.

## TOWNS NO LONGER ASK FOR AUTO ROADS

Cary, Ill.—Cities and towns of Indiana and other states no longer clamor for a main highway to be routed down Main street, according to Col. Arthur P. Melto, of Gary, a member of the Indiana highway commission.

"At the beginning, every town wanted the state road down the principal street, but the trend is changing, and the commission is being asked to go entirely around in some instances," Mr. Melto said.

"A through road in a main business street disturbs and inconveniences the local traffic probably as much as it benefits a town. Nowadays the best place for a through highway is a wide street not far from the business center."

A certain club had replaced its familiar black-coated servitors with young, and sometimes pretty, waitresses. One of the old die-hard members, who had strongly opposed the idea, dropped in to lunch one day.

"How's the duck today?" he growled, glowering at the girl who came to serve him.

"Oh, I'm all right," said the girl, perkily. "How're you?"—Brooklyn Eagle.

## MR. THOMAS J. BIRGE

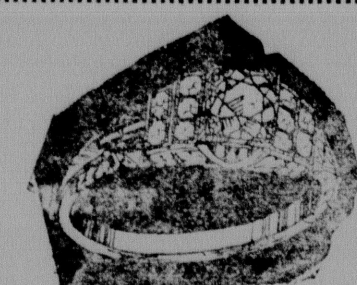

After all is said and done, every medicine must meet this test: Does it Make Good? Konjola has made good in so many cases when all else has failed that it is the most talked of medicine in America today. Take the case of Mr. Thomas J. Birge, 2632 Chateau street, St. Louis, for instance. Read what he says about this master medicine:

"I am sixty years old, and most of my life . . . at least as long as I can remember—I had stomach trouble, and nothing helped me until I found Konjola. Imagine my astonishment when the very first bottle of this wonderful remedy started me on the road to complete recovery. Today I can eat whatever I like, no matter how rich and heavy the food, without the least discomfort. Fact is, I feel like a new man, and many of my friends to whom I recommended Konjola are as enthusiastic about it as I am."

## Wayside Items

One norther right after another. Freezing cold every morning. Fires all day feel good.

Rev. J. R. Plant, wife and Jack were with us Sunday giving us good sermons. Proud of Epworth League at Wayside. So many are taking part makes it very instructive and entertaining. A good thing for all, most especially the young people.

Scott Laycock took W. J. Sluder, Monday after school, to Dr. McFarling, who pronounced his case, flu. Had been quite indisposed for some days. Tuesday morning he is much better.

J. S. Sluder and Johnny Byrd are leaving Tuesday for a prospecting trip of a few days to New Mexico.

A delightful 42 party for married people was given Saturday night at the W. I. Lane home. Five tables were used. Delicious candies served with shamrock leaves. All seemed to enjoy the time.

W. I. Lane and wife attended Trades Day at Canyon Monday afternoon.

Miss Phillips and the 4-H club girls enjoyed a trip to the canyon Monday. We understood Miss Phillips was feeling indisposed on com-

ing out. She was taken to W. H. Hamblen's. We wish for her a speedy recovery.

Kelley and Aline McGehee from Canyon called on Ida May Hamblen Saturday evening.

Wheat is looking well owing to the hail last season. Lots of it too thick. Some are discing it to thin it out.

Mr. and Mrs. W. B. Stockett left Wayside for Temple last Sunday afternoon. Her second trip to Temple in quest of health. We sincerely hope she may find relief.

W. C. McGehee and wife are taking Wayside school census.

We are all pleased to hear Mrs. W. T. Helms at N. W. Hospital, Amarillo, is improving.

Quite a number are planning to attend school contest at Goodnight next Friday from Wayside school, about 30 contestants in the different divisions. They are invited to Fairview Tuesday afternoon to practice with pupils and to judge their pupils.

Certain Australian natives live almost exclusively on a diet of mushrooms.

## Small Crowd Hears Joseph Leopold Speak

Joseph Leopold of Dallas, manager of the Southwestern division of the United States Chamber of Commerce, spoke to a small crowd in the district court room Tuesday night.

Mr. Leopold, who spoke at the meeting of the Panhandle Commercial Secretaries Association at McLean, Tuesday afternoon, was en route to Hereford, where he was scheduled to speak Wednesday. Through the efforts of L. N. George, secretary of the Canyon Chamber of Commerce, Mr. Leopold was persuaded to stop for a brief talk.

In his discussion Mr. Leopold touched briefly upon the vast and changing conditions that have been brought about in American business in the past several decades.

"The fellow who forges ahead is the one who thinks outside of the beaten track. With some people it is a difficult thing to think that way," the speaker asserted. In talking of the fight waged against chain organizations, he said "Sometimes it takes a calamity to wake people up."

In a brief way Mr. Leopold told of the work of the United States Chamber of Commerce and the accomplishments of that organization.

### ERROR IN ANNOUNCEMENT

In the announcement of E. O. Northcutt last week there appeared a typographical error. At the beginning of the second paragraph of the article it was stated that Mr. Armstrong had been in active practice 13 years in Amarillo. The statement should have been that Mr. Northcutt had been in active practice for 13 years in Amarillo.

## Pampa Team is Winner in One-Act Play Meet

In the one-act play division of the Interscholastic League, Pampa High School was declared winner of district one, in the meet held here last Friday and Saturday.

By virtue of the win the Pampa team of players will represent this district in one-act plays in the bi-district meet.

Amarillo High School furnished the runner-up in the contest and the two presented plays at the auditorium of the college Saturday night. The play presented by the winner was "The Valiant," coached by Miss Velora Reed. Miss Christine Stuke was in charge of the Amarillo team, which gave "The Three Gifts."

Elizabeth Rose Johnson of Amarillo and Doyle Roundtree of Pampa were adjudged to be the best individual players among the girls and boys respectively.

## High School Tennis Players Will Meet on Amarillo Court

W. E. Lockhart, director general of the Interscholastic League for District One, has announced that through the co-operation of T. G. Hull, tennis coach of the Amarillo High School, that he has secured four new concrete courts, at Elwood park in Amarillo, for the official boys' district high school tennis tournament, April 18 and 19.

It is stated that this action is taken because repairs and changes on the campus at the college will not allow sufficient room for both the boys and girls tennis games to be played here on the two days set for the district meet.
